EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Alan Kamrath on 11/01/2005.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or suggest the claimed method supported by the reasons provided in the remarks filed on 09/02/2005. In particular, the prior art of record fails to disclosed the claimed method comprising the steps of conveying the cut web of film on a vacuum table and breaking the tie strips (Fig. 5; via tie strips 62) between the single sheet of film and the new leading edge on the vacuum table by pushing on the web of film at the trailing edge (Fig. 1; via the strip breaker 80) faster than the cut web of film being conveyed on the vacuum table and placing tensional forces on the tie strips.
